Files

Incorrect view of the list on About Page.mp4 (16.3 MB)

Pre-Conditions

1. The test environment should be opened on the About Page

Steps to Reproduce (STR)

1. Look at the list in "ЦЕННОСТИ КОМПАНИИ" section
2. Verify that list on About Page has incorrect view

COMMENT: researching the reason for bug

3. Click on F12 button
4. Click on "Select an element in the page to inspect it" button
5. Click on the list and make sure corresponding line in source cod will become highlighted
6. Click on "float" in check-box in Styles to disable it
7. Move the last 3 items(li attributes) from unordered list to an external unordered list in source cod
8. Set attribute for "Забота об интересах партнеров" item
9. Delete empty attributes
10. Verify that list on About Page has correct view

Expected Result (ER)

2. List on About Page should have correct view by default

COMMENT: researching the reason for bug

10. List on About Page should have correct view by default without changing HTML cod

Actual Result (AR)

2. List on About Page has incorrect view

COMMENT: researching the reason for bug

10. List on About Page has correct view only after changing HTML cod
