

## **Verify that filters on Filtering Panel can be expanded and collapsed (separately and all together) in 2 ways**

Added by Marharyta Liaskivska

**Status:** New

**Time to Write (mins):** 50

**Priority:** Low

**Time to Run (mins):** 25

**Assignee:** Marharyta Liaskivska

**Complexity:** 3-Low

**Feature:** Left Filtering Panel

**Test Type:** Manual

### **Description**

Verification of expanding and collapsing (separately and all together) filters in 2 ways: after clicking on Filter label and after clicking on plus "+" button/up arrow button and these buttons are changed from one to another after clicking on them

### **Pre-Conditions:**

1. The test environment should be opened on the Products page 2. The user should be navigated to Filtering Panel and all filters should be collapsed

### **Steps to Reproduce:**

Scenario 1:

1. Navigate to "ПО ПРОИЗВОДИТЕЛЮ" filter and click on plus "+" button there --- Filter items list should be expanded
2. Make sure filter items list expands after clicking on plus "+" button in "ПО ПРОИЗВОДИТЕЛЮ" filter
3. Pay attention to changing plus "+" button into up arrow button after clicking on first one --- Plus "+" button should become to up arrow button
4. Make sure plus "+" button becomes to up arrow button after clicking on first one in "ПО ПРОИЗВОДИТЕЛЮ" filter
5. Click on up arrow button in "ПО ПРОИЗВОДИТЕЛЮ" filter --- Filter items list should be collapsed
6. Make sure filter items list collapses after clicking on up arrow button in "ПО ПРОИЗВОДИТЕЛЮ" filter
7. Repeat 1-6 steps for other 2 filters("ПО НАЗНАЧЕНИЮ" and "ПО АЛФАВИТУ") --- Filters should be expanded/collapsed by clicking on plus "+" button/up arrow button and these buttons should be changed from one to another after clicking on them
8. Verify that filters can be expanded/collapsed after clicking on plus "+" button/up arrow button and these buttons are changed from one to another after clicking on them

#### Scenario 2:

1. Navigate to "ПО ПРОИЗВОДИТЕЛЮ" filter and click on Filter label --- "ПО ПРОИЗВОДИТЕЛЮ" filter should be expanded
2. Make sure "ПО ПРОИЗВОДИТЕЛЮ" filter can be expanded after clicking on Filter label
3. Click on "ПО ПРОИЗВОДИТЕЛЮ" Filter label again --- "ПО ПРОИЗВОДИТЕЛЮ" filter should be collapsed
4. Make sure "ПО ПРОИЗВОДИТЕЛЮ" filter can be collapsed after another clicking on Filter label
5. Repeat 1-4 steps for other 2 filters("ПО НАЗНАЧЕНИЮ" and "ПО АЛФАВИТУ") --- Filters should be expanded and collapsed by clicking on their Filter labels
6. Verify that filters can be expanded and collapsed by clicking on their Filter labels

#### Scenario 3:

1. Click on all Filter labels (for all filters) --- User should be able to expand all filters by clicking on their Filter labels
2. Make sure user can expand all filters by clicking on their Filter labels
3. Click on all Filter labels (for all filters) again --- User should be able to collapse all filters by another clicking on their Filter labels
4. Verify that user can expand/collapse all filters by clicking on their Filter labels

#### Scenario 4:

1. Click on plus "+" buttons on all filters --- User should be able to expand all filters by clicking on their plus "+" buttons
2. Make sure user can expand all filters by clicking on their plus "+" buttons
3. Click on up arrow buttons on all filters --- User should be able to collapse all filters by clicking on their up arrow buttons
4. Verify that user can expand/collapse all filters by clicking on their plus "+" buttons/up arrow buttons

#### **Post-Conditions:**

1. The test environment should be closed

#### **Expected Result**

Filters on Filtering Panel should be expanded and collapsed (separately and all together) in 2 ways
